Index to Gleanings in Bee Culture
Volume 101, 1973

General

A

A close miss (cutting a bee tree) 319
American beekeeping federation conv. '73 73
American honey queen, Betty Blahnik 72
Animal world series films 229
Apiary, house 194
Apiary of the Month
Pedersen, Anthony 289
Schwartz, Clarence 15
Apicultural congress tour, 24th 160
Apiculture, who's who in 116
Argentina congress tour ..113
Artificial rearing of queen bees, an improved method for 312
Australian beekeeping congress, first 20

B

Backlot Beekeeping
how to extract honey from the comb 8
improving our equipment 46
new method for supplementary feeding 80
preservation of beehives 318
protect your bees 382
simpler method of beekeeping 185
success or failure .....222, ...254, 286
swarming and how to prevent it 150
the Illinois hive 114
wintering small colonies 350
Barefoot boy, brave 224
Bear facts 218
Bee course, 75 attend at Del. Valley Col. 320
fever, mother never told me about 195
indemnity program 287
inspectors 229
losses, inspection of 393
lures, invisible 315
management post at Ore. State Univ. 311
pasturage, more 19
trees 287
Bee Talk
dividing colonies 354
friends, other than humans 385
Gleanings 258
granulated honey 322
hand dipping beeswax candles 50
hiving swarms 226
making bee equipment and spacing frames ..154
plan for producing a bumper crop 119
refining and molding beeswax 18
season of the honey flow 290
using equipment for candle dipping and candle molds 82
wide mouth jars make good feeders 190
Bee Teen
Coyne, Kevin 289
Klein, Lori 79
Puckett, Earl 108
Rudd, Michael 9
Schneider, Christine 332
"Bee-ginner" diary 255
Beginners' program 78
Beehive contamination prevented by pollen trapping 310
fumigator, experiences and thoughts on a 107, 145
Beekeeper, how I became a 357
an old, writes to his son 266
Beekeepers associations why form local? 366
backlot, for gadget building 51
congress, 1st Australian 20
Manitoba Indians become 380
serious shortage of 251
spare that tree 284
Beekeeping, and scouting 327
closed vans and trucks for 219
in Brazil, observations on 70
in British Honduras ...297
in Japan, the present ..356
in June 179
stick to it 183
today 182
Bees, African, studied by Calif. scientists 367
and candles 388
and the spring season ..109
and then came the 9
and warfare 343
beginning with, my tragic 246, 278
breeding, my thoughts on 251
bucket 249
follow the sun 225
how they remove moisture from nectar 6
how to talk to your 349
preparing them for winter 379
protected from bears ..367
stay home little 315
success with 197
the personality therapy ..292
wintering through 40 below 358
Beewoman of Synanon 85
Book Review
An Old American Favorite 26
Honey Flora of Queensland 26
Principles of Practical Beekeeping 263
Bottleneck, bye bee 215
Brother Adam honored 332
Buckwheat boomlet 223

C

California scientists study African bees 367
Can You Cap This?
bees and bears 221
bees trip on Kowhai 221
my experience with bees 14
queen cramps 14
queens, queens, queens 43
the superseded queen ..14
Candles and bees 388
Chalk brood 115
China, the USA and honey 216
Comb honey, golden.....72
squares, producing 252
Constitution and by-laws revision of Ill. assn. ..53
Cost effectiveness 121
Crop pollination concept progresses 194
program for honey producers announcced ..276

D

Disease control by resistance 10

E

EAS 19th conference 326
Editor becomes agri. council president 57
English point of view 125, 157
Excerpts from early Gleanings 13, 49

F

Farm bill amended by Senator Curtis 172
Father of American beekeeping, how about Langstroth? 374
